BOURBON SOLDIER'S BODY ARRIVES IN NEW YORK

County Judge George Batterton received a telegram Tuesday from government officials at Washington, notifying him of the arrival at New York of the body of his brother, Private Bishop Batterton, from France. The body will arrive in Paris in a few days, and will be given a soldier's burial in the Paris Cemetery, with appropriate ceremonies by Bourbon Post of the American Legion.

Young Batterton was twenty-one years old at the time of his death. He was a member of the Marine Corps, Sixth Regiment, Second Division. He was awarded a sharpshooter's medal in this country before departing for the scene of war in France. He was wounded in the engagement at Soissons, France, on July 19, 1918, his death occurring on the following day. Mr. Batterton was the son of Mr. and Mrs. B. A. Batterton, of this county, and an extremely popular young man.

THUGS BEAT AND ROB AGED MAN.

Mr. Lewis Hixon, carpenter, aged about seventy-three, was taken to the Massie Memorial Hospital, Tuesday morning, suffering from serious injuries on the head and face. At the hospital yesterday it was stated Mr. Hixon was in a very serious condition, suffering from exposure and his wounds, being at times delirious.

Hixon was found in an unconscious condition in the rear of the Bourbon Tobacco Warehouse, in South Paris, Tuesday morning, by a watchman while making his rounds. He had been attacked some time in the night, beaten and robbed of a purse containing \$80. The blows on the head inflicted a deep gash, and other cuts and bruises on the face gave evidence of a murderous assault. He was unable to give any account of the assault or any description of his assailants.

MIDWAY GROCERY BURNED; TOWN IN DARKNESS

Fire of undetermined origin destroyed the grocery store and stock of R. C. Etherington, at Midway, with a loss of approximately five thousand dollars. A frame building behind the store, which houses the transformers supplying light to the city was damaged by the flames and the city put in darkness. When the fire was discovered in the store about 9 o'clock, it had gained such headway that the building could not be saved. Quick work by the fire department confined the flames to the two structures.

CALLED MEETING OF ATHLETIC ASSOCIATION

Prof. Charles E. Skinner, of Lexington, president of the Central Kentucky High School Athletic Association, has issued a call to the various high schools in the Association to send a representative to a meeting to be held in Prof. Skinner's office, in Lexington, to-morrow morning at eleven o'clock.

At a meeting of the State Athletic Association last April, it was decided that sectional tournaments should be played in each section of the State, and that the winner of each of these sectional tournaments should compete in the State tournament to be held at the University of Kentucky. The meeting to be held to-morrow will take up the matter of deciding upon and arranging for the Central Kentucky tournament. The tournament will probably be played in Lexington, March 4 and 5. Paris High Schools will send a representative to the meeting.

GEORGE R. DAVIS PURCHASES UNDERTAKING BUSINESS

George R. Davis has purchased the undertaking business so successfully conducted by his father, the late George W. Davis, and with whom he was actively associated for many years, from Owen L. Davis, administrator, and will conduct it in the future.

Mr. Davis will be assisted in the business by his brother, Rudolph Davis, and by his nephew, Ireland Davis, of Millersburg. These are among the most popular business men in Paris. Their offices will be in the same old stand as for years, at the corner of Fifth and Pleasant streets.

COST OF GROWING TOBACCO FIGURED OUT.

The 1920 crop of Burley tobacco in Kentucky cost approximately \$309 per acre to grow, according to an estimate made public by the College of Agriculture of the University of Kentucky. The estimate was based on investigations of field men of the University and the United States Department of Agriculture who, for the last two years, have been making a study of the cost of producing tobacco in Kentucky.

The estimate covers only what is known as the White Burley District of Central Kentucky. No estimate was made for the dark tobacco area of Western Kentucky.

The final average cost of producing and marketing the 1919 crop was fixed at \$289.10 per acre for the Burley district, and \$141.76 for the dark tobacco area. Eighty-one farms in the Burley District and seventy in the Dark District were studied. The 1920 report is not yet complete.

The more money a man has the more he is abused—and the less he cares.

DISAPPOINTMENT MARKS OPENING OF LOCAL TOBACCO MARKET.

Disappointment and very low prices, coupled with an excited and restless lot of growers and speculators, marked the resumption of the tobacco sales for the 1921 season on the Paris market, Tuesday morning. Reports of happenings in other places filtering in served to keep the nerves of the growers on a raw edge, and a spark would have started a panic. The sale opened at the Paris House No. 1 of the Bourbon Tobacco Warehouse Company, at nine o'clock, and closed at eleven o'clock, in the midst of an excited multitude. The sales amounted to a little over 80,000 pounds, with selections of 14,570 pounds, making the net sales for the time \$66,370 pounds, which brought \$66,612.03, an average of \$9.90.

During the sale a few baskets brought more than twenty-five cents a pound and one sold for forty-five cents a pound. The sales were stopped when the dissatisfaction and discontent had reached an acute stage. Cries of "Cut it out!" all over the house decided the matter, and, after a conference between the auctioneers, managers of the houses and growers, the sales were stopped.

In the afternoon a meeting of the growers and handlers was held at the court house, attended by a crowd conservatively estimated at about 1,500. John T. Collins, manager of the Bourbon Tobacco Warehouse, presided. Mr. Collins made an address, which was loudly cheered by the whole audience. Speeches were also made by Dan W. Peed, J. W. Bell and Wm. O. Hinton. A motion was made and carried by a unanimous vote to hold the present crop and cut out this year's crop. The managers of the two warehouses then agreed to close their houses indefinitely. Mr. Collins was named by resolution as chairman of a committee to be named by him to co-operate with a like committee from the entire Burley district at once and place the Burley business on a working basis. Mr. Collins announced his committee as follows: D. W. Peed, Edward Burke, Jas. H. Thompson, Wm. D. McIntyre, J. H. Bell, John W. Jones, John T. Collins, Jas. McClure and James M. Caldwell.

The question of financing the present crop to save the small growers and farmers was taken up at a meeting of Bourbon county bankers held Tuesday night. At this meeting the matter was thoroughly threshed out and a plan of action decided upon, which will tend to relieve the strained situation and bring order out of chaos.

It was said yesterday that the sales would probably be resumed Tuesday.

The feeling of impending disaster which at first took possession of the people upon hearing the news of the situation gradually gave way to a calmer state and a more optimistic feeling prevailed Wednesday and yesterday. The calamity-howlers were promptly silenced, and the assurance went forth that the situation would yet resolve itself into one that would be met fully and to the satisfaction of all parties concerned.

The matter has now developed into a game of watchful waiting. Those who looked with trepidation on the future are now viewing the matter through the eyes of reason and calmness. No further action will be taken here until after the big mass-meeting which is to be held today in Lexington. In the meantime the sales houses will remain closed, and the tobacco on the six selling floors will remain there.

Charging that "there is a well-defined conspiracy among a few big tobacco manufacturers to steal this crop of tobacco from the farmers," Representative J. Campbell Cantrill, Seventh Kentucky District, in an interview with The Courier-Journal correspondent at Washington, declared that the State and Federal laws are sufficient to prevent such an illegal combination and expressed the hope that every Commonwealth's Attorney and every Federal District Attorney in Kentucky "will immediately make a full and complete investigation of these conditions so that such a combination, if it exists, is broken up and the offenders brought to immediate justice."

Representative Cantrill, who himself is a large producer of tobacco, expressed it as his individual opinion that the burley growers should not permit their crops to go on the market until the manufacturers are willing to offer better prices.

FORMER BOURBONITE CANDIDATE FOR SHERIFF IN MONTGOMERY

Warren W. Stoner, formerly of Paris, announces in the Mt. Sterling papers, his candidacy for the office of Sheriff of Montgomery county. Mr. Stoner is a brother of Mrs. May Stoner Clay, of Bourbon county, and is well-known here. Since his return from the West several years ago, Mr. Stoner has been engaged in business in Mt. Sterling.

MR. JOE B. SMITH FOR TAX COMMISSIONER — MR. FRANK COLLINS ON TICKET.

Mr. Joe B. Smith, the well-known Paris stock trader, in this issue of THE NEWS announces his candidacy for the Democratic nomination for Tax Commissioner of Bourbon County, subject to the action of the Democratic primary on August 2, 1921. Mr. Smith also made known his purpose of having Mr. Frank Collins as his Deputy in the event of his nomination and election.

Mr. Smith is well and favorably known throughout Bourbon county, no man having a larger circle of acquaintances among the voters than he. Mr. Smith is of a happy and jovial disposition, has the knack of becoming acquainted with men and always remembering them thereafter, and his broad smile and hearty handshake will add greatly to his strength as a vote getter.

Mr. Frank Collins, who is making the race with Mr. Smith as his Deputy Tax Commissioner, is a popular young farmer who, prior to a year ago was a resident of the North Middletown precinct. Both men are qualified to fill the office and no doubt will make an aggressive campaign for the nomination. (adv-11)

AMERICAN LEGION MEETING

All ex-service men in the county are urged to be present at the regular monthly meeting of Bourbon Post American Legion, this (Friday) evening, January 7, at 7:30, at the court house. The new officers elected for the ensuing year will be installed. Very important business concerning every ex-service man in the county will come up and a full attendance is desired.

ROOSEVELT PORTRAIT FREE TO SCHOOLS.

Judge F. D. Sampson, of the Kentucky Court of Appeals, has arranged for every school room in Kentucky to have a life-size portrait of Theodore Roosevelt free.

On the portrait is printed the last message of Col. Roosevelt on "Americanism," sent the night before he died, January 5, 1919, through the American Defense Society, of which Judge Sampson is a member. Colonel Roosevelt said: "There can be no divided allegiance in America, a man who comes to this country and becomes a citizen in fact, should be treated on equality with all other citizens. But a man who pretends to be an American and also tries to be something else should not be allowed to remain in this country."

Judge Sampson requests all teachers and superintendents of schools to co-operate with him in interesting the school children in this work of Americanism. Every school room in the State may have a Roosevelt portrait size 29x24 inches if the school children or parents in the school district will have the portrait framed. One condition is that when the portrait is framed it shall be hung with appropriate ceremonies in which the children should take part. It would be well if the parents would also take part in the ceremonies when the portrait is hung.

State Superintendent of Public Instruction George Colvin heartily approves of this plan and requests that all teachers in Kentucky write to their respective County Superintendents stating the number of Roosevelt pictures which they will undertake to have properly framed and hung. The American Defense Society furnishes the picture free. County Superintendents are requested to write to Robert Appleton, former Treasurer American Defense Society, 116 East Twenty-fourth street, New York City, stating the number of portraits necessary to supply the schools in the county. There will be no expense in any way for these wonderful life-size portraits, done by a famous artist.

BOY INJURED

Richard Butler, Jr., son of Mr. and Mrs. Richard Butler, of Paris, fell from his bicycle at his home Wednesday, his head striking the edge of the porch. He sustained a split lip and other slight injuries, painful but not serious. The little fellow was given immediate medical attention.

COMMERCIAL CLUB NOTES

The Commercial Club, as a member of the Chamber of Commerce of the United States, has received a referendum from the national body on which the local organization is asked to cast its vote before January 31. The referendum relates to the problem of taxation, and on the ballot are fifteen different proposals, which have been suggested as remedies for solving the national financial stringency. The Commercial Club is asked to express the opinion of local business men on the following measures: An excess profits tax, the income tax, excise taxes, sales taxes, undistributed earnings tax on corporations, and tax on individual stockholders of corporations.

The Commercial Club was recently admitted to membership in the U. S. Chamber and therefore is entitled to a voice in the recommendations made to the government through the National Chamber, which exercises a great influence in determining the policies of the government. All persons interested in the question of national taxation are invited to consult the referendum and cast their vote on it at the Commercial Club office.

A meeting of the Board of Directors of the local Club will be held Friday evening, according to present plans, when the new board will meet for the first time. The meeting was first called for Tuesday evening, but was postponed, due to the inability of some members to attend. There are now thirteen members, whereas formerly there were ten. The retiring members are H. A. Power, I. L. Price and John J. Williams, while Rudolph Davis, Inc., F. Davis, N. F. Brent, M. J. Lavin, B. J. Santen and G. W. Wilder will be new members. Many important matters will come before the board, including the election of a treasurer, which office is now held by C. K. Thomas, and a report of the project under way.

No forum meeting was held last month, on account of the holiday season, but a meeting will be arranged for this month, when a program of entertainment will be followed by a public forum discussion. It is also planned to hold noon luncheons, either weekly, or bi-weekly. Other activities for the month will include the publication of a booklet giving solid facts about Paris, which is now almost ready for the press, studies by special committees of city planning, street cleaning, the water question and a memorial for the World war veterans.

Complete information files on many subjects have been added to the Commercial Club's office. A clipping service whereby men interested in particular problems will be provided with information taken from current publications, have been instituted.

Y. M. C. A. NOTES

The Y. M. C. A. Educational Committee has received word of appropriation of additional funds for free correspondence scholarship for former service men, and will meet the last of this week to receive applications from any veteran desiring to take a course. Several farm courses are included in the list.

The Y. M. C. A. basketball team showed up strong Tuesday night in the game on the local floor with the Y team from Frankfort, by defeating the latter by the score of 32 to 15. The speed and teamwork of the local team mystified the Frankfort team, only one point being secured by them in the first half of the game.

The locals lined up as follows: Roberts and Burnett, forwards; Brews and Chipley, center; Tucker, Port and McIntyre, guards. The Frankfort team lined up as follows: Lewis and Riley, forwards; Snyder and Jarvis, center; Suppinger, Utterback and Bristow, guards. Points were secured as follows: For Paris—Roberts 13, Burnett 9, Tucker 4, Port 2, McIntyre 4; for Frankfort—Snyder 1, Jarvis 6, McKinnery 6.

The Y. M. C. A. team will go to Georgetown to-night for a game with the Georgetown College team. On January 18 the Y team will meet the Kentucky Wesleyan College team from Winchester.

Two volleyball teams from the Business Men's Gymnasium class at the Y. M. C. A. have been organized. The "Railroaders," captained by J. G. Metcalfe, and the "Town Lot" team, led by Rev. T. S. Smylie. Captain Metcalfe's "Railroaders" are as follows: Joe Grosche, Y. H. Harrison, Carl Bratton, Ray Ogden and Stanley Price. The "Town Lot" team is composed of the following: Rev. T. S. Smylie, M. Peale Collier, John W. Yrkes, M. M. Sheffield and C. B. Harrison. A series of nine match games will be played between the two teams. The Railroaders won two out of three games in the first contest between the two teams Wednesday. The next contest will be held this afternoon at 5 o'clock. The Basket Ball team from the women's gym class will have a special practice this (Friday) evening.

RESULTS PROVED GREAT SURPRISE

Mrs. Hughes Says She Is Praising
Tanlac To Everybody—Restored Her Health

"Although it has been several months since Tanlac restored my health and built me up so wonderfully, I am still feeling fine," said Mrs. P. T. Hughes, Durmid, Va. "For several weeks I had indigestion so bad that everything I ate soured and bloated me with gas until I could hardly breathe, and I had such terrible pains around my heart it seemed that I would go distracted. My appetite failed completely and even what little I forced down seemed to burn my stomach like a coal of fire."

"I got so weak I couldn't do my housework and would have to sit down and rest every time I moved around the least bit. I became alarmed over my condition and began trying medicine after medicine, but nothing helped me until I got Tanlac."

"It wasn't long before I could eat just like I did before I got sick, and I found I could eat anything I wanted without suffering the least bit from indigestion."

"I picked up in strength rapidly and was soon feeling so well and strong that my housework was just like play. Ever since then I have praised Tanlac and I am going to take it again if I ever need medicine."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

THE ART OF FORGETTING

James J. Hill, who possessed a phenomenal memory, said it is easy to remember things you are interested in.

What to do, therefore, is to discern what things are useful, what things one ought to be interested in, and then forget the others.

That sounds easy, but it isn't easy, as we all know. However, if we try, we may accomplish something. If we don't, we won't.

Let's see, therefore, what are some of the things we ought to forget.

First and most important of all, forget that brilliant record you made at school or that wonderful sale you made which caused all the boys to talk, or that remarkable piece of work you did which won your raise of pay and promotion.

Forget the big things you did yesterday or last year.

Forget all about the time you topped the list and was made a fuss over.

Forget that you are (in your own eyes) a wonder, a world-beater.

Water that has gone over the mill-wheel can grind no more corn.

Forget what you have already done and address all your mind and strength and talent to the next job.—Forbes Magazine.

GET MORE BUTTER

Mrs. Hattie Meere, of Glen, Missouri, says: "I was not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gave a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

It matters not what ailment you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years of Veterinary Practice and Expert Poultry Breeding. They must satisfy you, or your dealer will refund your money. (adv)

Ears and Marriage.

Why worry because the shape of your ears does not exactly please you? Their peculiarities probably indicate good points in your character. According to an expert, ears which wiggle indicate versatility of character, and if they lie close to the head show that they can hear the same jokes year after year without becoming weary. This makes for happy marriages!

Never!

Hank Himes says that no woman looks as well in a divorce suit as she did in her wedding gown.—Columbian Dispatch.

SWEAR OFF TOBACCO

"No-To-Bac" has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question.

SOW RYE IN GARDEN

Practically 80% of the gardens in the State of Kentucky will be bare this coming winter. This is a condition where the Department of Horticulture recommends the sowing of a clover crop in the garden to produce a growth that can be plowed under the following spring and help furnish humus to the garden soil. The garden should be the richest piece of ground on the farm, as it is called upon annually to produce an enormous amount of crops. In order to withstand this growth year after year it is a good idea to sow crops, such as rye. All trash and rubbish should be piled and burned as this not only helps control the insects by destroying many of them and at the same time it improves the appearance of the garden, which is usually located near the house. Do not let the excuse of having to bury some vegetables in a pit keep you from sowing some cover crop in your garden. It is much better to remove this pit than it is to let the garden be idle during the winter.

The Quai D'Orsay.

The Quai d'Orsay is the name of that portion of the left bank of the Seine in Paris that is opposite the Place de la Concorde. From the fact that the chamber of deputies and other government buildings face it, its name is used to denote the French government, as Downing street is used to denote the British.

AN OPEN LETTER TO WOMEN

Mrs. Little Tells How She Suffered and How Finally Cured

Philadelphia, Pa.—"I was not able to do my housework and had to lie down most of the time and felt bad in my left side. My monthly periods were irregular, sometimes five or seven months apart and when they did appear would last for two weeks and were very painful. I was sick for about a year and a half and doctored but without any improvement.

A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me, and the second day after I started taking it I began to feel better and I kept on taking it for seven months. Now I keep house and perform all my household duties. You can use these facts as you please and I will recommend Vegetable Compound to everyone who suffers as I did."—Mrs. J. S. LITTLE, 3455 Livingston St., Philadelphia, Pa.

How much harder the daily tasks of a woman become when she suffers from such distressing symptoms and weakness as did Mrs. Little. No woman should allow herself to get into such a condition because such troubles may be speedily overcome by Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been restoring American women to health.

IMPROVE YOUR SEED CORN

Many farmers in the State of Kentucky have selected their seed corn in the field and this is in excellent practice, this corn should receive good care during the following winter if satisfactory results are to be obtained. The selected seed should be dried as soon as possible to the sudden change of temperature during the following winter. It is possible to select the corn and leave it in a sack or basket in the barn or crib and have this corn germinate satisfactorily the following spring. However, this does not mean that even if this corn does germinate well that it is going to produce well. It often happens that the seed will be injured by sudden changes of temperature to the extent that it will not grow and produce good, strong stalks capable of bearing two or three ears. This damage to the seed itself may not effect the germination, consequently, if the germination test is run in the spring and high percentage found, the farmer will be inclined to believe his seed corn is in perfect condition. As an example of this various tests have been run and it has been found that wherever the seed corn was placed in a good dry storage it had yielded much better than when left in the crib under ordinary conditions. In one case 400 ears were divided into two equal parts, one part being well cared for and the other placed in the barn. The well cared for seed giving an increased yield of about 15% more than the seed left in the barn. This is undoubtedly sufficient increase to warrant the farmer in giving this selected seed corn good care during the following winter.

The spring of 1918 we had a serious shortage of seed corn and the farmers of Kentucky learned to appreciate the value of the germination tests. As an offset to prevent the recurrence of this trouble farmers should make sure to select their seed corn early, dry it and place it in a dry storage so that it will come through the winter in the best possible condition.

GOING TO TEACH HOW TO BE NEWSPAPERMEN

Joseph Medill School of Journalism of Northwestern University will be established within the next few months with the plants of the large Chicago daily newspapers available as laboratories for students. Professor Walter Dill Scott, professor at the Northwestern, announced.

The project was suggested to the trustees of the university by Robt. R. McCormick and Joseph Medill, founder of the Tribune, and one of the most famous journalists of the Middle West.

The plan detailed by Prof. Scott includes two and four-year courses. Classes will be held in the Northwestern University building, located in the downtown district, convenient to newspaper men who desire to enter afternoon and evening classes of the shorter course.

At Evanston, the seat of the university, the longer course will be established for beginners contemplating a newspaper career.

EDITORIAL FLINGS OF THIS.

THAT 'EN 'TOTHER

Wanted, some inventive genius to devise and perfect a typewriter equipped with a Maxim silencer. We mean the machine, of course. Though we have often wished the same device could be applied to the operator of such machine. So there's that!

Those Paris business men who would succeed have already been thinking and arranging for the labors of the new year of 1921, the end of which is their goal. This applies alike to occupations and professions.

It is all right to present in the inaugural parade the bicycle which which Mr. Harding rode twenty years ago, but his first pair of galuses, the barlow knife with which he first tried to shave and the mug out of which he drank milk in his high chair should not be overlooked, by any means.

DOWN GOES SILVER.
Beginning January 1, 1921, we announce a reduction in price of 20 per cent on our entire stock of Sterling Silver Flatware. SHIRE & FITHIAN.

NOTICE TO THE PUBLIC

We have been in the tire business for the last five years, and have decided to open a shop in Paris, our old home town. If you have any trouble with your old castines or tubes, consult us about them, and we will tell you whether they are worth fixing or not.

Our business is to rid you of your tire troubles and to save you all the mileage possible. We make a specialty of retreading. We invite you to inspect our equipment, also our work, and be convinced for yourselves that we can save you money and lots of trouble. Give us a trial and be convinced.

ITEM IN NEWS BRINGS LETTER FROM OLD FRIEND

Publication of an item in THE NEWS a short time ago, relating to the sending of a congratulatory message to President Woodrow Wilson from Theodore P. Nix, of Paris, on the occasion of the mutual celebration of their sixty-fourth birthdays, brought to the Parisian a letter from an old friend who had not seen or heard of him in the past twenty-five years. The letter was from W. E. Gunn, of Middlesboro, formerly a member of the Louisville & Nashville railroad civil engineering corps, now manager of a big coal mining concern at Middlesboro. Mr. Gunn wrote as follows: "Middlesboro, Jan. 4, 1921. "T. P. Nix, Paris, Ky.

"Dear Sir:—I happened to see a copy of the Paris NEWS where you had been writing to President Wilson and hoped he was a happy as you. I take it that you are in fine health, and I wish you much luck, both you and President Wilson on account of your birthdays and for the New Year. I know you will recall who I am when I remind you of those surveying parties on the old Kentucky Union railroad many years ago. I married in Covington about twenty-one years ago, and have four daughters, whose ages range from eleven to eighteen. I have been down here in Middlesboro for the past twelve years and am owner and operator of the Lower Hignite coal mines, which I have had charge of for six years.

"I am interested in knowing how you are getting along, and what has become of former friends like Garrett Kenney, Milt Jacoby, Dorsey McClure and many others whose names I cannot just now recall. The last time I ever saw you was in Kansas City and I just supposed you had remained in the West. I have addressed at the Rev. Theodore Parker Nix, because you told me that was who you were named after. We have shipped some coal from here to E. F. Sparks & Sons, at Paris, which they bought through the Blue Diamond Coal Co."

WE WON'T MIX IN

THE NEWS has adopted a policy of "hands off" in the campaign for city and county offices, and will remain absolutely neutral as between the present candidates and all who may announce in the future. There will be no "free notices" of any candidate, and all matter relating to their candidacy will be treated as advertising matter, pure and simple. We will give space to all communications when signed by the candidates, at the regular advertising rates, ten cents a line for reading notices. This warning is intended for one and all, high and low.

GETS FIRST NEW YEAR HUNTING LICENSE

The first hunting license for the New Year was issued Wednesday from the office of County Clerk Pearce Paton to Rudolph Davis. Mr. Davis was the first one to take out hunting license for 1921.

Mr. Davis will leave this morning for a three-weeks' hunting and fishing trip in Mississippi with a party of friends from Louisville, Chicago and Memphis. The party will be comfortably housed in a log cabin camp on a large estate in Mississippi comprising over fifty thousand acres of timber land. They will hunt bear, deer and wild fowl, besides making many excursions to the fine fishing streams on the estate.

Hair Used in Building Churches.

At one time the Japanese made use of human hair in building churches. It was the custom for church-going people to give some of their hair as a free-will offering when a temple was being built. Such a structure at Tokio had the beams and rafters held in place by one of these human hair cables. Placed end on end this human hair rope measured 4,528 feet long and seven inches in diameter, no fewer than 350,000 persons contributing before sufficient quantity was obtained.

"A man who has genuine horse sense," said Jud Tunkins, "never tries to show it off by trying to pick winners at the racetrack."

TOBACCO MAKES GOOD FERTILIZER.

In view of the current prices of commercial fertilizers and the fact that some grades of tobacco are selling for less than \$2.00 per hundred pounds, Kentucky farmers can profitably use tobacco, especially some of the dark tobaccos for fertilizing purposes, according to a reply made by Prof. George Roberts, head of the Agronomy Department of the State College of Agriculture, in response to numerous inquiries being received from farmers. A ton of tobacco fine enough for distribution would be worth about \$67.50 or \$33.75 a hundred pounds according to calculations made on certain current prices of mixed fertilizers. However, if the tobacco is to be used in connection with acid phosphate was the suggestion of Prof. Roberts.

A ton of tobacco containing the average amount of nitrogen and potash, which is four per cent. of the former and six per cent. of the latter, when mixed with 1,000 pounds of acid phosphate would make a ton of fertilizer having the following approximate composition: Nitrogen two per cent., phosphoric acid eight per cent. and potash three per cent. On the basis of certain current mixed fertilizer prices this tobacco mixture fertilizer would be worth \$50 a ton, according to Prof. Roberts.

Fireflies Make Pretty Light.

Myriads of fireflies hovering over a gentle river so swarm and cling together that they appear at one time like a luminous cloud, again like a great ball of sparks. Cloud or ball, the wonder soon breaks and thousands of the fallen insects drift with the stream while new swarms form, reform, and sparkle continuously above the water. So marvelous is the sight that a Japanese poet wrote: "Do I see only fireflies drifting with the current, or is the night itself drifting, with all its swarming stars?"

To Take Castor Oil.

The following is a good way to take castor oil without tasting it: Take a glass of ice water. Pour on the water the dose of the oil. The oil will congeal into a bolus, as it were, which will pass the lips, teeth and tongue as one mass, unaltered.

"Cold in the Head"

Is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the system, cleanse the blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh. HALL'S CATARRH MEDICINE is taken internally and acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. All Druggists. PEPTO-MANGAN WILL HELP FIGHT COLDS

Make Up Your Mind To Keep Free From Colds—Get Your Blood In Good Condition

START TAKING PEPTO-MANGAN

Now Is the Time To Build Up—You Will Be Strong This Winter

Every house has a supply of fuel for winter. People know cold weather is coming. They get ready for it. How many people get their own bodies ready for winter? Most of us go around all summer in the intense heat burning up energy, working hard all day and sometimes lying awake nights sleepless in the heat.

Winter comes along. It teaches many people—totally unprepared physically. Few of us take stock of our health. Whether we will be well, healthy and strong, we often leave too much to chance. But not everybody. Nowadays people are learning. They know this matter of enjoying good health is a thing they can help control. If you live right, eat right, get plenty of sleep, breathe fresh air and keep your blood in good condition, you will be all right.

It is so simple. If you feel a little off in health—perhaps worn out and pale—don't take chances. There is no need of it. Buy some Pepto-Mangan of your druggist. Begin taking it to-day. You can get it in liquid or tablet form. Tell your druggist which you prefer. Be certain that you get the genuine—"Gude's Pepto-Mangan." Look for the name "Gude's" on the Package. (adv)

Singular Marriage Feast.

Polynesia is probably the only place in the world where the marriage feast takes place without the presence of the bridegroom. For some unexplained reason the young man is "sent into the bush" when the bride becomes a member of the family, and remains there during the festivities.

CHILDREN KODAK SURE-ENOUGH FAIRIES

There is nothing new in spirit photographs, but a photograph of fairies is something of a novelty. Two London, Eng., girls, both very young, constantly told their father that at a certain spot in the country—doubtless a glade—they could always summon fairies.

The credulous father suggested that if they could summon them, and play with them, why not take photographs of them. To which end he lent the children his camera.

They went to their meeting place and summoning their elfin friends promptly proceeded to snap them.

Great was his surprise, the father said, when, upon developing the photographs he found the younger of the girls surrounded by fairies with pretty faces and gaudy wings, while the eldest had a delightful chubby-faced little girl sitting on her knee.

Sir A. Conan Doyle, who has the photographs, has no doubt as to their genuineness, and it is stated that he intends to publish them in a book.

Statements That May Be Investigated—Testimony of Paris Citizen

When a Paris citizen comes to the front, telling his friends and neighbors of his experience, you can rely on his sincerity. The statements of people residing in far away places do not command your confidence. Home endorsement is the kind that backs Doan's Kidney Pills. Such testimony is convincing. Investigation proves it true. Below is a statement of a Paris resident. No stronger proof of merit can be had.

Joe Kieley, proprietor shoe repair shop 11 Seventh street, says: "Doan's Kidney Pills did me a world of good and I take pleasure in recommending them to anyone suffering from kidney complaint and my back ached most of the time. Kidneys were weak and the secretions were highly colored and contained sediment. I lost sleep at night as there was no let up to the pain in my back. I got four boxes of Doan's Kidney Pills at Ardrey's Drug Store and used them according to directions. They rid me of the trouble entirely."

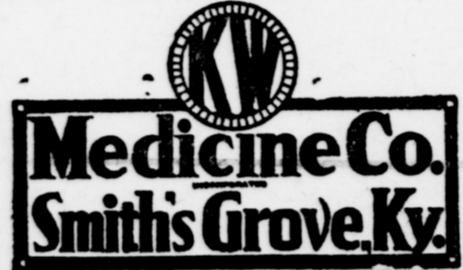

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Kieley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

Wizards of the Wires.

Until about 1870 the Morse single-message systems were the only ones which had proved practical. The duplex method, the sending of two messages in opposite directions simultaneously, was perfected by J. B. Stearns in 1872. The duplex, the sending of two in the same direction at the same time, was invented by Thomas Edison in 1873, who also invented the quadruplex system in 1874.

Same Thought in Great Minds.

Carlyle wrote of "One life—a little gleam of time between two eternities." Marcus Aurelius had written, "Deem not life a thing of consequence, for look at the yawning void of the future and at that other limitless space, the past." The old Saxon, Bede, likened man in his earthly life to a sparrow flying out of the dark night into the lighted banquet hall for a moment only, and then out again into the black and unknown night.

It's impossible to please everybody, and if a girl has what we in our ignorance consider a good figure, the neighbor women say she is bumpy.—Ohio State Journal.

BRIGHTER EVENINGS

Just History

In '76
The Colonial Dame
Spun her cloth
By Candle flame.

In 1860
In Crinoline bright,
She greeted her guests
By Coal Oil light.

And later on,
How time does pass
Her home was lit
By flickering Gas.

But the girl of to-day
Who wants her home bright,
Just presses a button
And has Electric Light.

MATRIMONIAL.

County Clerk Pearce Paton issued a marriage license Wednesday to Claude T. Hillock, 31, Nicholas county, and Miss Helen Purdy, 23, Route 5, Paris.

A marriage license was issued from the office of County Clerk Pearce Paton, Tuesday, to Tilford Burnett, Jr., of Paris, and Miss Mary E. Guttery, of near Harrodsburg.

WILLIAMSON—RENICK

Miss Catherine Williamson, daughter of Mr. and Mrs. John Elliott Williamson, of Paducah, and Harry Phelps Renick, of Winchester, were married Wednesday afternoon, at the home of the bride, in Paducah. They will reside in Winchester. Mr. Renick is well-known in Paris, where he has been a frequent visitor. He is a grandson of Mrs. Wm. H. Renick, and a nephew of Mrs. James Duncan Bell and R. M. Renick, of Paris.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Poultry movement was very light, as usual, during holiday week. There is still a fair amount of poultry to be moved in some sections, and indications point to somewhat higher values. The demand for dressed poultry from the consuming trade is very good.

Fresh egg production continues above normal for the time of the year. The egg market will be governed mostly by weather conditions for the next sixty days, with probably pretty wide fluctuations in the different markets.

Butter at its present level of values is meeting with better demand, and as this demand is mostly for fresh product, the tendency is for advancing prices.

The demand is also better for storage butter, due to the shortage of fresh stock.

BIRTHS.

—Mr. and Mrs. Oscar Taylor Hinton are receiving and acknowledging congratulations upon the birth of their second child, who came to their home on Saturday, January 1, New Year's Day. The young heir is a girl. Mrs. Hinton was formerly Miss Elizabeth Whitridge.

RELIGIOUS.

—The Rt. Rev. Lewis W. Burton, D. D., Bishop of the Diocese of Lexington, will preach at the morning service in St. Peter's church, Sunday. A cordial invitation is extended to all to attend.

—The Presbyterian Christian Endeavor will meet at 6:30 Sunday evening in the parlors of the church. The leader is Miss Louise Fisher. The subject will be, "The Most Helpful Passages in The Bible." A large attendance is requested.

—The Women's Missionary Society of the Christian church will hold a meeting in the church parlors this afternoon at 2:30 o'clock. Mrs. Harry Baldwin's group will be in charge of the program. The members are asked to learn the "hidden answers."

PRESBYTERIAN CHURCH

—The public is cordially invited to attend the services of this church Sunday, January 9. The subject of the sermons will be "God In The Home" at the regular morning hour and "Sources of Crime" at the regular evening hour. With the eyes of the Nation focussed on the present fearful crime wave, such questions as "What are the sources of all this crime? Have we the seeds of it in our own midst? What are we doing to stamp out the beginnings of crime?" Such questions are of vital interest to all men. Such questions will be the theme of the evening service at the Presbyterian church. Rev. T. S. Smylie, the pastor, will preach at both services. Sunday School at 9:30 a. m. Christian Endeavor at 6:30 p. m.

CHRISTIAN CHURCH CALENDAR.

—The Christian Endeavor Society of the Christian church will meet in the church parlors Sunday night at 6:30 o'clock, leader, Harold Snively. At the meeting last week the following officers were elected to serve for the first half of the new year: President, M. M. Sheffield; vice-president, Miss Nancy Young; secretary, Miss Elizabeth Rule; treasurer, Miss Mattie Baldwin.

—A spirited contest for membership is being waged by the members of the Mission Band of the Christian church. At the last meeting Miss Harriet Kerslake's group was first with ten members. Every boy and girl between the ages of six and fourteen is invited to become a member. Come to the meeting at the church Sunday afternoon and give your name to one of the following leaders: Harriet Kerslake, Francis Clark, L. U. Chappell, Ellis Morrison, Louise Bannister or Richard Butler.

CHANCE FOR PROSPECTIVE BUILDERS CONTRACTOR LOCATES IN PARIS

Having bought and moved into the Rion property on Second street, I am located permanently in Paris, I am soliciting an opportunity to figure on buildings and repairs of all kinds. Buildings constructed either by contract or day work by competent men only.

Inside repair work and improvements should be done now, before the Spring building begins. Tenant houses needed for March 1 should be contracted now to enable carpenters to begin work just as soon as weather will permit.

To communicate with me, call Cumberland Phone 899, or leave word at the office of the Bourbon Lumber Company.

DEATHS.

METCALFE

—Henry C. Metcalfe, aged seventy-six, former Postmaster of Carlisle and a gallant Confederate veteran, died suddenly at his home in that city, Saturday night. He was engaged in the grocery business. He is survived by his widow and six children, one of whom, William R. Metcalfe, is a resident of Millersburg, this county. The funeral was held at the Methodist church in Carlisle, Tuesday morning at 10:30 o'clock, with services conducted by Rev. M. T. Chandler. The burial followed in the Carlisle Cemetery, where committal services were held by the Masons.

GRAHAM

—Gibson T. Graham, aged fifty-four, died at his home in Frankfort, Tuesday morning, as a result of internal injuries received Friday in a fall. Mr. Graham is survived by two daughters, one sister, two brothers and several nieces and nephews. He was an uncle of Mr. Thos. W. Spicer, of Paris.

The funeral was held at the home of R. H. Graham, in Frankfort, Wednesday afternoon at 1:30 o'clock, with services conducted by Rev. J. T. McGlothlin, pastor of the Frankfort Baptist church. The burial followed in the Frankfort Cemetery. The pall-bearers were six of his nephews.

LODGE NOTES

Nineteen-twenty was a banner year for practically all the leading fraternal orders in Paris and Kentucky. Recovering from the setback caused by the war, scores of new members were added in Paris, thousands in the State. Lodges dormant for several years were revived, and activities neglected were taken up anew.

A still more successful year is looked forward to in 1921.

During the year just passed, the Masonic order has raised approximately \$900,000 of the million dollar endowment fund for the Masonic Widows' and Orphans' Home at Louisville. The remaining hundred thousand will be raised within the next three or four months, it is believed by G. Allison Holland, chairman of the campaign. In point of membership increase and activity, the year has been a great one for all branches of the order.

At the regular meeting of the Pythian Sisters, held in the K. of P. lodge room last night the officers for 1921 recently elected were installed. There was also work in the initiatory degree, conferred by the degree team.

The First Rank was conferred on a large class of candidates last night at the meeting of Rathbone Lodge No. 12, K. of P. After the work had been performed and reading of the financial report the officers recently elected were installed in their several stations.

A handsome new player piano, purchased from the Steinway Company, of Cincinnati, was installed yesterday afternoon in the lodge room of Bourbon Lodge 1, O. O. F.

A. J. Lovely Company, No. 34, Uniform Rank Knights of Pythias, will have their first meeting of the year on next Wednesday night, January 12, at 7:30 o'clock. Capt. Wm. W. Dudley sends out the information that there will be something doing at this meeting, and that all the members should be present.

It is an unexplained fact that glow worms are much more brilliant just before an approaching storm than at any other time.
